FOR SOCIAL RESPONSIBILITY

November 19, 2020

Dear Kristen,

Your crew was scheduled to install two playground surfaces at the Altavista Area YMCA last Saturday. Our facility and grounds received over eight inches of water due to a tropical storm Wednesday and Thursday of that same week.

Innovative Sports Surfacing worked with our maintenance staff to immediately begin their project once our cleanup was complete on Monday. The two small playground surfaces were installed efficiently and without disrupting any of our childcare operations.

This is the second and third surfaces we have installed at our YMCA. We have used sand, manufactured wood chips, and rubber nuggets. All these products presented problems for our children and staff.

We are very pleased with the Innovative Sports surface and are glad to recommend it to other organizations.

In the Y Spirit,

Steve Jester
